Special Notes for both Horse Contests:

⚙️ NOTE – Sources of questions are revised each year to correspond to the previous year’s National Contest sources. In an instance where there is a conflict of information between sources, the most recent source (publication date) will prevail. For example, if there is a conflict between *Horse Smarts* and *Equine Science*, *Horse Smarts* would be considered correct as it is a newer publication.

 All Washington State 4-H Horse Project Publications, as listed in the current EM2778 4-H Projects & Publications are potential sources for County and State contests. It is understood that these references/sources will NOT be used at National level contests.

All listed sources are used by both Horse Bowl and Hippology for State Contests! All listed sources except the WA State and PNW sources (marked with the  symbol) are used at National Contests by both Horse Bowl and Hippology.

Hippology Notes re Other Possible Sources Used:
